

We can provide the service of receiving permits required for execution of the Customs formalities in respect of particular goods:

- certificates of compliance
- declarations of compliance
- certificates of conformity of the vehicle to the environmental class 4, 5
- certificates of State registration
- certificates of the product origin (Forms CT-1 and A), and
- any other permits which might be required

In order to get informed about the time-term of receiving permits and the cost of the services you need, an inquiry should be forwarded to us, containing as follows:

- name of the required document
- name of the goods
- Customs commodity code of the goods
- kind of certification (for the invoice, for the contract, for mass-production or for the manufacturer)

The inquiry may be either sent to our e-mail address, or you can, alternatively, use the feedback form in the Contact section of this site.

Always committed to serve our customers the best way possible, we select the optimal cost and kind of certification in view of the delivery terms of the goods under the contract.
